Any changes you elect to make during the April 2009 Open Enrollment period will take effect July 1, 2009 and remain in effect through June 30, 2010.

Dependents who are deleted from coverage during the Open Enrollment period are not eligible for COBRA continuation coverage.

Without re-enrollment all current Healthcare and Dependent Care FSAs will end June 30, 2009. And if you don't meet with EBS to allocate flexible credits, your credits will be automatically distributed.

Flexible Credit Allocation Guidelines

Initial Enrollment

Eligible employees will be allowed to allocate available flexible credits to any combination of available pre- or post-tax benefit options based on the actual cost of each benefit.

Benefit options include medical plan premiums. If 100% of flexible credits are applied toward the medical plan and the cost of the plan exceeds the total credits available, the additional amount will be covered by a payroll deduction.

Denied Coverage

Members who elect to enroll in any voluntary benefit plan and are later denied coverage for which they have allocated flexible credits may elect one of the following:

- The member may reallocate 100% of the flexible credit amount that was allocated to the denied benefit option(s) to the Miscellaneous Reimbursement option. (Imputed income will be calculated.)

OR

- The member may elect to forfeit 100% of the flexible credit amount that was allocated to the denied benefit option(s) for the duration of the plan year.

Members who elect to reallocate flexible credits to the Miscellaneous Reimbursement option will not receive the retroactive value of the applicable flexible credits but will have the applicable amount applied to the Miscellaneous Reimbursement account on a prospective basis.

Family Status Changes

Members may only elect to reallocate flexible credits where the reallocation relates directly to a qualified change in family status.

Open Enrollment

Members must re-allocate flexible credits during Open Enrollment. This requires an in-person appointment with an EBS representative. Contact EBS at (800) 229-7683 to schedule your appointment.

Any member who does not take action to make a flexible credit allocation during Open Enrollment will be subject to the following:

- If the member currently has medical plan coverage through Kaiser, Blue Shield or City Plan, flexible credits for the 2009-2010 Plan Year will be automatically applied to the actual cost of the medical plan at the same level of coverage currently in place. Any additional amount required to cover the actual cost of the medical plan will be covered by payroll deductions. All remaining credits, if any, will be allocated to the Miscellaneous Reimbursement Account and subject to imputed income.
- If the member currently has medical plan coverage through PacifiCare, the member must enroll in an alternate medical plan during Open Enrollment. PacifiCare participants who do not submit an application to HSS electing a new medical plan during April 2009 Open Enrollment will be automatically enrolled in the City Plan PPO as of July 1, 2009 at the same level of coverage currently in place through PacifiCare. Any additional amounts required to cover the actual cost of the medical plan will be covered by payroll deductions. All remaining credits, if any, will be allocated to the Miscellaneous Reimbursement Account and subject to imputed income.
- If the member currently has no medical plan coverage, all credits will be allocated to the Miscellaneous Reimbursement Account and subject to imputed income.

5 Medical Needs & Services Covered

Make sure you understand how your plan works by reviewing the benefits summary and Evidence of Coverage documents. Don't wait until you need emergency care to educate yourself about plan details. Here are some common questions to consider when deciding what plan can best meet your particular needs:

- Do you or a family member need to see medical specialists for a particular condition?
- Will you or any family members be seeking mental health care?
- Does someone in your family take regular prescription medication?
- Are the doctors or medical facilities in a plan in a convenient location for you?
- Will you need prior approval to ensure coverage for care if you are hospitalized or require surgery?
- How are benefits paid?

6 Plan Costs

Compare the costs of each available medical plan. See page 23 of this guide for cost comparison charts.

This guide offers general information only. Do not rely solely on this guide when making your health insurance decisions. Before enrolling in a plan, you should consult the plan document (Evidence of Coverage) to get specific information about the benefits, costs and way the plan works. EOCs are available as downloadable PDFs on myhss.org.

Medical Plan Options

These medical plan options are available to active HSS members and eligible dependents. Required contributions are deducted from the member's paycheck twice monthly.

Health Maintenance Organization (HMO)

An HMO is a medical plan that requires you receive all of your care from a network of participating physicians, hospitals, and other healthcare providers. Generally, to be covered or [non-emergency benefits, you need to access medical care through your PCP (Primary Care Physician).

HSS offers the following HMO plans:

- **Blue Shield of California HMO**
- **Kaiser HMO**

Preferred Provider Organization (PPO)

A PPO is a medical plan that gives you freedom of choice by allowing you to go to any in-network or out-of-network healthcare provider. When you go to in-network providers the plan pays higher benefits and you pay less out-of-pocket. A PPO doesn't assign you a Primary Care Physician, so you have more responsibility for coordinating your care.

HSS offers the following PPO plan:

- **City Health Plan**
(administered by UnitedHealthcare)

The healthcare plans administered by HSS do not guarantee the continued participation of any particular doctor, dentist, hospital or medical group during the Plan Year. After Open Enrollment, you won't be allowed to change your healthcare elections because your provider and/or medical group choose not to participate in a particular plan. You'll be assigned or required to select another provider.

If you move out of the service area covered by your plan, you must elect an alternate medical plan that provides coverage in your area. Failure to change your healthcare elections will result in the non-payment of claims for services received.

This benefits guide cannot cover every detail of your plan contract. The EOC (Evidence of Coverage) contains a complete list of benefits and exclusions in effect for each plan from July 1, 2009 through June 30, 2010. Review your EOC for plan details. If any discrepancy exists between the information provided in this guide and the EOC, the EOC will prevail. You can download plan EOCs at myhss.org.

PacifiCare Discontinued

The PacifiCare plan is no longer being offered in 2009-2010. PacifiCare participants must elect an alternate medical plan by April 30, 2009.

Medical Plan Service Areas

To enroll in Blue Shield or Kaiser, you must reside within a zip code serviced by the plan. Refer to the chart below or contact the plan to determine whether or not you live in the plan's service area.

Medical Plan Costs

The San Francisco Health Service System provides medical and other non-pension benefits to City and County employees, City College and San Francisco Unified School District employees, San Francisco Superior Court employees, and retirees and dependents. The Health Service System is responsible for designing healthcare benefits, selecting and managing plan providers and determining some aspects of benefit eligibility to supplement the eligibility rules contained in the City Charter and applicable ordinances. In addition, the Health Service System is responsible for administration of health benefits, including maintaining employee membership and financial accounting records. Additional financial information, including audited Health Service System Trust Fund Financial Statements, is available online at myhss.org.

Dental Plan Options

Dental benefits are an important part of your healthcare coverage and are key to your overall health. HSS offers a choice of plans, providers and coverage options at no premium cost to most HSS members.

HMO-Style Dental Plans

Much like medical HMO's, Dental Maintenance Organization (DMO) dental plans require that you receive all of your dental care from within a network of participating dental offices. These networks are generally much smaller than a dental PPO network.

Please note that you will be required to select a dental office which becomes your primary care office and you must go to this office for all of your dental care. Make sure that the dentist you wish to see is in a DMO plan before selecting it.

HSS offers the following DMO plans:

- DeltaCare USA
- Pacific Union Dental

PPO-Style Dental Plans

A PPO-style dental plan gives you the freedom to visit any in-network or out-of-network dentist of your choice. The plan pays higher benefits (and you pay less) when you visit an in-network dentist.

HSS offers you the following PPO-style dental plan:

- **Delta Dental**

The Delta Dental PPO has two different networks of participating dentists and dental care providers:

- The Delta Preferred Option network offers the highest benefit. Most preventive services are covered at 100%; many other services are covered at 90%.
- The Delta Premier network pays benefits based on a pre-arranged fee agreed to by the network's dentists. Most preventive services are covered at 100%; many other services are covered at 80%.

You may go to any dentist from either network, or you may also go to a dentist that is in neither network. When you go to any licensed dentist not in one of the networks described above, the plan pays the same percentage of cost that it pays a Delta Participating Dentist. However, the payment is based on what is considered reasonable and customary (R&C) for the geographical area. This means that your share of the expenses will be higher if your out-of-network dentist charges more than R&C. Don't be shy about asking a dentist financial questions upfront before receiving services. Delta customer service can also help you understand what your costs will be – call Delta with any questions.

Dental Plan Only?

Yes, you can elect to enroll in an HSS dental plan even if you elect not to enroll in an HSS medical plan.

Dental Plan Service Areas

To enroll in either DeltaCare USA or Pacific Union Dental, you must reside within a zip code serviced by the plan. Ask your dentist which plan(s) he or she contracts with before making your selection.

Vision Plan Benefits

All HSS members and eligible dependents who are enrolled in an HSS medical plan receive vision benefits, including an annual eye exam.

VSP Vision

All HSS members and eligible dependent(s) who enroll in the City Health Plan, Blue Shield HMO or Kaiser HMO can access vision benefits administered by Vision Service Plan (VSP). The vision plan provides you and your eligible dependents with one eye exam every 12 months when using a VSP network doctor. The vision plan also helps you and your eligible dependents cover the cost of visual correction eyewear, such as glasses or contacts.

Choice of Providers

Under the vision plan, you have the choice of using a VSP network doctor or a non-VSP provider. It is usually to your advantage financially to use a VSP network doctor because covered services are provided to you at a higher benefit and you will have lower out-of-pocket costs.

You can find a VSP network doctor in your area by visiting www.vsp.com or contacting VSP Member Services at (800) 877-7195.

Accessing Your Vision Benefits

There are no ID cards issued for the vision plan. If you wish to receive services from a VSP network doctor, simply contact the doctor and make your appointment. VSP will then provide benefit authorization to the doctor. Services must be received prior to the benefit authorization expiration date. If you receive services from a VSP network doctor without benefit authorization or obtain services from an out-of-network provider, you are responsible for payment in full to the provider. You can then submit an itemized bill directly to VSP for partial reimbursement. Download a claim form from the VSP website at www.vsp.com.

Plan Benefits, Limits and Exclusions

- The vision plan covers one set of contacts or eyeglass lenses every 24 months, based on your last date of service. If retractor examination reveals an Rx change of .50 diopter or more after 12 months, replacement lenses are covered.
- Eligible dependent children are covered in full for polycarbonate prescription lenses.
- Cosmetic extras such as progressive lenses, tinted lenses or oversize lenses will cost you extra. If you use a VSP network doctor, you'll pay the VSP discounted price for these cosmetic extras. If you're using an out-of-network provider, you'll pay the retail price.
- The vision plan is designed to cover visual needs rather than cosmetic materials. If you select any of the following extras, the plan will pay the basic cost of the allowed lenses and you'll be responsible for any additional cost for the options, unless the extra is defined in the VSP Schedule of Benefits.
 - Blended or UV protected lenses
 - Contact lenses (except as noted in the Schedule of Benefits)
 - Oversize lenses
 - Photochromic and tinted lenses
 - Progressive multi-focal lenses
 - Coatings of the lens or lenses, except scratch resistant coatings
 - Laminating of the lens or lenses
 - A frame that costs more than the Plan allowance
 - Certain limitations on low vision care
 - Cosmetic lenses
 - Optional cosmetic processes

Vision Expenses Not Covered

- Orthoptics or vision training and any associated supplemental testing, plano (non-prescription) lenses or two pairs of glasses in lieu of bifocals.
- Replacement of lenses or frames furnished under this plan that are lost or broken, except at the contracted intervals.
- Medical or surgical treatment of the eyes.
- Corrective vision treatments such as, but not limited to, LASIK and PRK laser surgery. (You may be eligible for discounts when services are provided by a VSP network doctor. To inquire about discounts, call VSP.)

Coordinating Vision Benefits with Medical Plan Benefits

The VSP vision plan is designed to cover visual correction needs, such as eyeglasses and contact lenses. Some HMOs also offer optometry services where you can get eye exams and purchase glasses and lenses. HSS recommends that you compare the out-of-pocket cost you will incur using your HMO's vision services to your out-of-pocket costs when using a VSP network doctor. Also note that your medical plan may offer coverage for medical conditions and diseases relating to the eyes.

No Medical Plan, No Vision Benefits

If you don't enroll in an HSS medical plan, you and your dependents will not have the vision benefits available through VSP.

Flexible Spending Accounts

An FSA is an IRS-approved tax favored account you can use to pay for eligible medical and dependent care expenses not covered by insurance. Funds are set aside from your salary pre-tax.

How an FSA Works

Flexible Spending Accounts (FSAs) let you set aside money pre-tax to pay for eligible healthcare and/or dependent care expenses. You can enroll in either a Healthcare FSA, a Dependent Care FSA or both.

It is possible to realize tax savings with an FSA—but keep in mind that any unused FSA dollars at the end of the year will be forfeited according to IRS rules. So you need to plan ahead to make the most of an FSA. To calculate potential FSA tax savings, visit myfbmc.com/ccsf and click on the tax calculator. You should also consult your tax adviser or the IRS for information about your specific situation.

The following information provides an overview of your FSA benefits. To get details about this benefit contact FBMC, the FSA administrator, or visit myfbmc.com/ccsf. You can also request an FSA resource guide from HSS Member Services.

Healthcare FSA

- Set aside from \$120 up to \$5,000 pre-tax in a Plan Year. Depending on the annual amount that you elect, deductions of between \$5.00 and \$208.33 will be taken twice monthly from your paycheck in Plan Year 2009-2010. No deduction is taken from the 3rd paycheck in any month.
- Submit reimbursement forms to FBMC for eligible out-of-pocket expenses, including healthcare deductibles, prescriptions, over-the-counter medical items and more for you and eligible dependents.
- When you sign-up for a Healthcare FSA the total annual amount you designate becomes available for eligible healthcare expenses at the start of the Plan Year. You do not have to wait for your contributions to accumulate in your account.

Dependent Care FSA

- Set aside from \$120 up to \$5,000 pre-tax in a Plan Year. Deductions will be taken twice monthly from your paycheck throughout Plan Year 2009-2010. Depending on the annual amount that you specify, deductions of between \$5.00 and \$208.33 will be taken twice monthly from your paycheck in 2009-2010. No deduction is taken from the 3rd paycheck in any month.
- Submit reimbursement forms to FBMC for eligible out-of-pocket expenses, such as certified day care, pre-school and elder care for your qualifying dependents.
- The funds for a Dependent Care FSA are available after they have been deducted from your paycheck and received by FBMC. Unlike a Healthcare FSA, the entire annual amount for a Dependent Care FSA is not available at the start of the Plan Year.

Estimating FSA Expenses

Before enrolling in an FSA make sure to work out a detailed estimate of the eligible expenses you are likely to incur for the year ahead. Budget conservatively because based on federal law any unreimbursed funds are forfeited at the end of the Plan Year and cannot be returned to you. You can find FSA calculation tools on myfbmc.com. For a list of eligible expenses, the definition of qualifying family members and how to submit reimbursements, visit myfbmc.com/ccsf.

Annual Re-enrollment Required

You must re-enroll in your Flexible Spending Accounts every Open Enrollment period.

No Transferring Between Accounts

You cannot transfer money between Healthcare and Dependent Care Flexible Spending Accounts.

Changing Contribution Amounts

You can't change the amounts you contribute to your Flexible Spending Account(s) during the Plan Year unless the change is consistent with a qualifying change in family status.

Termination or Retirement

If your employment ends during the Plan Year, you can only file claims for FSA eligible expenses that were incurred while you were actively employed.

Leaves of Absence

During an unpaid leave of absence, no contributions will be made toward these accounts. Accounts that remain unpaid for three consecutive pay periods will be terminated retroactively to the first missed pay period. You may only reinstate your Flexible Spending Account upon your return to work by contacting HSS and requesting a reinstatement.

Eligibility Time Period

Expenses for services incurred before July 1, 2009 or after June 30, 2010 are not eligible for reimbursement. For example, a medical expense incurred in June 2009 isn't eligible for reimbursement from a Healthcare Flexible Spending Account because your account is not open until July 1, 2009.

IRS Eligibility Criteria

Your expenses must meet the Internal Revenue Service (IRS) eligibility criteria. Please refer to IRS Publications 502 and 503 for details.

Avoid Forfeiting FSA Contributions

All FSA claims for Plan Year 09-10 must be postmarked by September 30, 2010.

You will forfeit any money left in your FSA(s) after the end of this claim filing period. There are no exceptions.

Approaching Retirement

Contact HSS three months before your retirement date for important information about continuing healthcare coverage after you leave active employment.

Transitioning to Retirement

If you choose to retire, the transition of your health benefits from active employment to retiree status does not happen automatically. You must elect to continue healthcare coverage in retirement by completing and submitting the required retiree enrollment forms and supporting documents to the Health Service System.

HSS recommends that you contact HSS Member Services and speak to a Benefits Analyst three months before your retirement date so that we can advise you about the actions you must take in order to maintain continuous healthcare coverage.

SFERS Pre-Retirement Seminars

If you are member of SFERS (San Francisco Employee Retirement System) you may be eligible to attend a pre-retirement planning seminar with speakers from SFERS, HSS and Social Security. You must pay a fee and register in advance. Contact SFERS at (415) 487-7000.

Eligibility

The San Francisco City Charter requires that to be eligible for retiree healthcare coverage the retiree must have been a member of the Health Service System at some time during their active employment. Other restrictions may apply.

Health Benefit Contributions For Retirees

If you choose to continue your medical and/or dental coverage through the Health Service System after you retire your required health benefit contribution may increase. This cost will depend on your plan choice, the number of dependents you cover on your plan

and your Medicare status. As a retired member you will also be required to pay for dental coverage. Contributions are deducted from your pension check. If required monthly contributions are greater than the total amount of your pension check you must contact HSS to make payment arrangements. HSS plan contribution rates are updated every Plan Year—make sure to evaluate contribution costs when you begin your retirement transition process. HSS Member Services can assist you with questions about contribution costs and eligibility.

Flexible Credits

You no longer have access to flexible credits when you retire.

Medicare & Your HSS Benefits

All retired members and their dependent family members who have reached the age of 65 are required to apply for Medicare Parts A and B. Failure to enroll in Medicare as required if you are age 65 or older and retired can result in penalties and limitations in your healthcare coverage.

Active Employees Over Age 65

If you are over age 65 and an active employee of the City & County of San Francisco, neither you nor your enrolled dependents over age 65 are required to enroll in Medicare. However, when you do retire, you will need to apply for Medicare immediately.

This information offers an overview of important topics related to benefits in retirement. It does not include all the information you may need to know. If you are planning to retire, please contact HSS Member Services at (415) 554-1750.

Separation From Employment and COBRA

If you are separated from City service but placed on an eligible holdover roster you may be eligible to continue your enrollment in HSS medical, dental and vision coverage.

Employees with Holdover Rights

Employees who are separated from City service and placed on an eligible holdover roster may be eligible to continue medical, dental and vision benefits for themselves and their covered dependents for up to five years, as long as they meet all of the following three requirements:

1. Employees must certify that they are unable to obtain healthcare coverage from another source;
2. Employees must complete and submit a Certificate of Eligibility Form to the Health Service System on an annual basis; and
3. Employees must pay the same amount that was deducted from his/her paycheck prior to lay off (rates subject to increase each Plan Year).

Employees with No Holdover Rights

Employees who are separated from all City service with no holdover rights may be eligible to continue medical, dental and vision coverage under COBRA. The healthcare coverage you had as an active employee will end on the last day of the coverage period in which your employment terminates.

Dependents of HSS Members

Covered dependents who no longer meet HSS eligibility requirements may be able to continue healthcare coverage through COBRA.

COBRA Continuation Coverage

The Consolidated Omnibus Budget Reconciliation Act (COBRA) enacted in 1986 offers employees and their covered dependents the opportunity to elect a temporary extension of healthcare coverage in certain instances where coverage would otherwise end.

COBRA Qualifying Events

Employees have the right to elect continuation of coverage if healthcare coverage is lost due to any of the following qualifying events:

- Voluntary or involuntary termination of employment for reasons other than gross misconduct.
- Reduction in number of hours of employment that makes the employee ineligible for healthcare coverage.

Covered spouses or domestic partners have the right to elect continuation coverage if healthcare coverage is lost due to any of the following qualifying events:

- Voluntary or involuntary termination of the employee's employment for reasons other than gross misconduct.
- Divorce, legal separation or dissolution of domestic partnership from the covered employee.
- Death of the covered employee.

Covered dependent children have the right to elect continuation coverage if healthcare coverage is lost due to any of the following qualifying events:

- Loss of dependent child status under the plan rules.
- Voluntary or involuntary termination of the employee's employment for reasons other than gross misconduct.
- Reduction in number of hours of employment that makes the employee ineligible for healthcare coverage.
- Parent's divorce, legal separation or dissolution of domestic partnership from the covered employee.
- Death of the covered employee.

COBRA Notification

When a qualifying event occurs, the COBRA Administrator FBMC will notify you of your right to elect COBRA coverage.

Time Limits for COBRA Elections

You will have 60 days from the date of this notification to elect COBRA coverage. The coverage will be continuous from the date of the qualifying event so you will not have a break in your healthcare coverage. While you are covered under COBRA, you have 30 days to add any newly eligible dependent (spouse, domestic partner, newborn or adopted child) to your COBRA coverage from the date of the event (birth, marriage, etc.).

Duration of COBRA Continuation Coverage

COBRA beneficiaries are generally eligible for group coverage for a maximum of 18 months. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

In the case of a dependent losing coverage (divorce or aging out of a plan) the employee or dependent must notify the COBRA Administrator within 30 days of the qualifying event.

Employees who are disabled on the date of their qualifying event or at any time during the first 60 days of continuation coverage, are eligible for a total of 29 months of COBRA coverage. The cost will be 150% of the group rate, beginning in the 19th month of coverage.

Termination of COBRA Continuation Coverage

COBRA coverage will end at the earliest of the date:

- You obtain coverage under another group plan if no pre-existing condition limitation under the new plan applies to the covered individual.

- You fail to pay the premium required under the plan within the grace period.
- The applicable COBRA period ends.

Paying for COBRA

Once COBRA continuation coverage is elected, it is the responsibility of the covered individual(s) to remit the required healthcare premium payments directly to the COBRA Administrator.

COBRA Continuation Coverage Alternatives

As an alternative to COBRA continuation coverage, you may be able to purchase individual health coverage, if available, from your healthcare plan. Contact your plan directly for details and costs.

All employees and dependents who were covered under a Health Service System administered health plan are entitled to a certificate that will show evidence of prior health coverage. This certificate of prior coverage may assist the employee and/or dependents to purchase new health coverage that excludes pre-existing medical conditions.

This information does not reflect any changes to COBRA resulting from the federal American Recovery and Reinvestment Act (Stimulus Act), signed into law on February 17, 2009. For more information about how this legislation might impact your COBRA benefits contact FBMC.

COBRA Questions?

For questions about COBRA continuation coverage contact the COBRA Administrator FBMC at (800) 342-8017.

Life Insurance

Life Insurance

Life insurance is an essential part of financial planning; most people own life insurance to replace income that would be lost with the death of a wage earner.

When considering how much life insurance protection you need, consider the following:

- Who relies on your income for financial security?
- Do you have children who will need financial protection?
- Would your parents need to find another source to replace financial or other support that you currently give them?

There are three types of life insurance offered to eligible members under the Management Cafeteria Plan. One type of plan provides a group term life insurance benefit in the amount of \$50,000 that is fully paid for by your employer. A supplemental life insurance benefit is also available that allows eligible employees to purchase additional term life insurance for themselves to supplement the group term life insurance plan. And finally, members can select a universal life insurance benefit, which allows members to purchase coverage for themselves, their spouse/domestic partner and/or dependent children. The coverage for family members is available under the universal life insurance benefit even if the member does not elect this option to cover themselves.

Pre-Tax/After-Tax Premiums

The Internal Revenue Service (IRS) limits to \$50,000 the total amount of tax-free life insurance you may receive from your employer and purchase for yourself under a group term plan. Any coverage you purchase over this amount, or purchase on an individual basis, or that is not part of a group term plan, must be paid for with after tax dollars.

Beneficiary Designation

If you designate a beneficiary (such as a spouse or domestic partner) and your personal circumstances change (i.e. divorce) your beneficiary will remain the same as you originally stated unless you request a change. Unless you have a current life insurance beneficiary designation on file, your beneficiaries will follow current law: surviving spouse, then surviving children, then surviving parents. If none of these family members survive you, benefits will then be paid to your estate. To update your current beneficiary information contact EBS at (800) 229-7683 to request a form.

Basic Term Life Insurance Coverage

All employees who are eligible to participate in the Management Cafeteria Plan are provided a \$50,000 group term life insurance policy for themselves, at no cost.

Supplemental Life Insurance Coverage

Eligible members may elect to purchase additional amounts of term life insurance coverage for amounts ranging from \$10,000 to \$300,000 in increments of \$10,000. Flexible credits allocated toward supplemental life insurance coverage are after-tax amounts. There is a maximum \$50,000 guarantee issue for new employees. All amounts over \$50,000 or coverage elected after 31 days of initial eligibility require evidence of insurability.

Sample Twice Monthly Premium Calculation

You can determine the twice monthly premium you will pay on an after tax basis by following the steps shown in the example below:

Sally is 45 years old and earns \$80,000 per year. She chooses to purchase two times her annual salary. (Remember Sally has \$50,000 of coverage provided to her by her employer at no cost.)

Step 1: $\$80,000 \times 2 = \$160,000$

Step 2: $\$160,000 \div \$10,000 = 16$

Step 3: $16 \times \$1.11 = \17.76 twice monthly cost

Universal Life Insurance

administered by ING

Universal Life Insurance

This program allows you to apply for an individual universal life insurance policy to assist you in meeting your personal and family insurance needs. You can also apply for individual life insurance policies for your spouse and dependent children, even if you choose not to apply for your own policy.

Premier Universal Life Insurance provides flexible life insurance protection. You can select the premium amount or the size of the death benefit that meets your needs. You can change your selections in the future during the annual open enrollment as your needs change.

This information is a brief description of coverage and is not a contract. Read your policy and riders carefully for exact terms and conditions. For more information call ING at (800) 537-5024.

Why Universal Life Insurance?

Premier Universal Life insurance is designed to provide life insurance coverage for your lifetime as long as sufficient premiums are paid. This policy offers you life insurance protection, tax-deferred cash value accumulation (based on current tax laws), cash value loans, and partial withdrawal privileges – all in one policy.

The premium you pay is based on the death benefit you select, the optional riders you choose, as well as your age and tobacco use. The insurance and premium amounts are flexible and may be re-evaluated as your needs change. Other benefits of this universal life insurance policy include the following:

Financial Protection

Because you care for your family and you want to leave your beneficiaries some financial security, the death benefit of your life insurance policy can provide money to help them meet financial obligations. These tax-free proceeds (based on current tax laws) can, at the discretion of your beneficiaries, help pay for child care, reduce bills, or help with educational expenses.

Payroll Deduction

You can elect to pay required premiums using a payroll deduction,

Affordable

Because this policy is owned by you, you choose the premium amount that fits your budget as well as your needs.

Portable

Should you retire or separate from employment, you can take the policy with you. ING, the insurance carrier, will bill you directly.

Flexible

You can choose the amount of life insurance you want to apply for and you can modify your policy by increasing or decreasing the amount of your life insurance. An increase in the amount of insurance may require evidence of insurability and will be rated at the age you are when you increase the death benefit.

Cash Value Accumulation

Premier Universal Life Insurance can build cash value that accumulates at the current non-guaranteed interest rate, less policy charges. Changes in the current non-guaranteed interest rate, current cost of insurance rates, and current expense charges are declared by the insurance company's board of directors and will affect the cash value. The current non-guaranteed interest rate will never be less than the guaranteed interest rate that is shown in your policy booklet.

Cash Value Loans

Once cash value accumulates, you can borrow against it at the rate shown in your policy. Interest is payable in advance. The death benefit will be reduced by the amount of any outstanding loan and unpaid accrued interest.

Annual Reports

To keep you informed, a report showing policy activity is sent annually. This report lists all the transactions, such as premium payments, loans, and withdrawals as well as interest, policy expenses, and policy values.

Optional Benefits

Spouse/Domestic Partner Coverage

Your spouse/domestic partner is eligible to apply for insurance by meeting certain eligibility requirements, even if you choose not to apply for insurance for yourself.

Universal Life Insurance

Child Coverage

Your unmarried, dependent children and dependent grandchildren ages 15 days through 24 years, are eligible to apply for a \$25,000 individual universal life insurance policy by meeting certain eligibility requirements. (Children age 18 – 24 must be present to sign the application.) Age restrictions and coverage limits may vary in some states. A child's term life insurance rider, available in coverage amounts of \$2,000 through \$10,000, can be attached to either your policy or your spouse's/domestic partner's policy. This rider covers all of your dependent children age 15 days through 24 years. On the policy anniversary date after a child reaches his or her 25th birthday, universal life insurance coverage can be converted to an individual policy for up to five times the term coverage and without evidence of insurability. The new policy can be converted to a life insurance policy offered by the Company at the time of conversion and must be for at least the minimum amount issued for the policy selected.

Qualified Issue Plan

Newly hired employees may apply for up to three times their annual salary, up to \$100,000 (defined benefit), or purchase a benefit amount determined by pricing premiums up to \$14 per week (money purchase). The benefit amount cannot exceed three times annual salary. No physical will be required for new hires only, if applying within these parameters.

Short term disability insurance helps to safeguard your income in the event you experience a prolonged sickness or injury. This insurance coverage is available to employees only; dependents are not eligible.

During your initial enrollment period (newly hired employees only), this coverage is available to you on a guaranteed issue basis, within income replacement guidelines, as long as you are currently active at work on a full-time or part-time basis. If you are signing up at a later date or adding an additional benefit amount, medical underwriting will be required.

Portable

Coverage is portable to age 70 and can be taken with you should you terminate employment with your current employer provided you have been covered under this plan for at least six consecutive months and are not: disabled; on leave of absence; retired from this employer; or covered under any other group disability income plan.

If when you leave your employer you do not start work with another employer, your coverage will end 12 months from the date of portability. If you become employed by the end of the 12-month period, you can continue this disability income insurance. Should your existing employer drop this group disability income coverage, you would no longer be eligible to continue this coverage.

Benefit Payments

Coverage provides benefit payments from \$300 to \$5,000 based on income replacement guidelines for covered disabilities. Disabilities lasting less than one month will be paid on a pro-rata basis of one thirtieth of the monthly benefit for each day you are disabled. The benefit amount you select cannot exceed 60 percent of your regular monthly earnings or 40% if you participate in California SDI.

Benefit Duration

Benefits are paid directly to the employee covered under this certificate while the employee is disabled (as defined in the certificate), up to a maximum benefit duration. The maximum benefit duration for this plan is 3 months.

Elimination Period

The elimination period is the number of days of total disability that the employee must wait before he or she can receive benefits. Your elimination period for this benefit is zero days if you are disabled due to injury and 14 days if you are disabled due to sickness.

Pre-existing Conditions

Pre-existing conditions are defined as any injury or illness that you have been treated for within 12 months prior to the effective date of your coverage. Benefits will be paid for a pre-existing condition within the first 12 months after the policy became effective for the participant. However, the benefit payable will be 50% of the regular benefit amount and will be limited to six weeks. Any disability occurring after the first 12 months will be eligible for standard benefit payment amounts. Consult the certificate for a complete definition of pre-existing conditions.

Partial Disability

Employees experiencing partial disability (as defined in the policy): are eligible to receive a benefit equal to 50% of their regular benefit amount for up to three months.

Waiver of Premium

All premiums are waived while an individual is receiving disability benefits payable under this policy, with the exception of the first premium.

Disability income benefits are contingent on proof of loss. In most cases this requires medical information from your healthcare provider.

Elimination Period

The Elimination Period is the length of time of continuous disability which must be satisfied before you are eligible to receive benefits.

Definition of LTD Disability

You would be considered disabled and eligible for benefits if due to injury or sickness:

- You are limited from performing the material and substantial duties of your regular occupation, due to your sickness or injury; and have a 20% or more loss in your indexed monthly earnings due to the same injury or sickness.
- After benefits have been paid for 24 months, you are disabled when UNUM determines that due to the same sickness or injury, you are unable to perform the duties of any gainful occupation for which you are reasonably fitted by education, training and experience.
- During the elimination period you are unable to perform any of the material and substantial duties of your regular occupation.
- The loss of a professional or occupational license or certification does not, in itself, constitute disability.

Partial Disability

If you have met the definition of disability as stated above and have satisfied the elimination period, you can return to work on a part-time basis and still receive partial benefits, provided your earnings are at least 20% less per month than your pre-disability earnings due to that same injury or illness.

Gainful Occupation

Gainful Occupation means an occupation that is or can be expected to provide you with an income at least equal to your gross disability payment.

Monthly LTD Benefit

How Much Will the Plan Pay If You Are Disabled?

Accident Insurance

administered by Allstate Workforce Division

Why Accident Insurance?

Similar to life insurance, accident insurance pays cash benefits directly to the insured. This can help offset the loss of income that might result if you suffer from a covered accidental injury. This type of coverage does not pay medical providers, so it is not a substitute for primary or secondary medical coverage.

Policy Features

- Guaranteed renewable until age 70, subject to change in premiums by class
- Choose from individual or family coverage
- Benefits are paid directly to the insured, unless otherwise assigned
- Benefits are in addition to any other insurance the insured may have

The plan pays benefits for covered on or off the job accidental injuries, which result within 90 days (180 days for loss of life or limb) of the covered accident. Losses must be diagnosed by a physician. There are three levels of coverage available. Your policy will pay benefits based on the level of coverage you purchase.

Accident Policy Benefits

Accidental Death and Dismemberment

Up to \$60,000 maximum for primary insured; up to \$30,000 maximum for spouse if covered; and up to \$5,000 maximum per child if covered. If accident occurs while covered person is a fare paying passenger on a common carrier, policy pays up to 3 times the maximum amount.

Dislocation or Fracture

Up to \$2,000 maximum for primary insured; up to \$1,000 maximum for spouse if covered; and up to \$500 maximum for each child if covered. Amount paid depends on dislocation or fracture as shown in the policy schedule. Only dislocations or fractures listed in the policy schedule are covered.

Hospital Confinement

Choice of \$100/\$200/\$300 per day. AWD pays the amount elected for each day a covered person is admitted to and confined as an inpatient in a hospital up to a maximum of 90 days for each period of continuous hospital confinement. Hospital must be located in the United States or its territories.

Ambulance

(if needed as a result of accidental injury)

\$100/\$200/\$300 AWD pays the amount elected for transfer to or from a hospital by regular ambulance. \$200/\$400/\$600 AWD pays the amount elected for transfer to or from a hospital by air ambulance.

Disability

Choice of \$600/\$1200/\$1800 per month, payable to the primary insured only, beginning the first day if totally disabled as a result of an injury for 3 full days. Payable for only one disability at a time. Maximum benefit period 6 months. For any period of disability less than one full month, 1/30th of the monthly disability is paid for each day of total disability.

Important: Read Your Policy

Accident Insurance

Medical Expenses

Medical expenses up to \$250/\$500/\$750. Includes physician fees, X-rays, emergency services and repair to sound natural teeth if diagnosed by a dentist to have resulted from the accident. Emergency room services are included in the maximum amount and are limited to a maximum of \$50. Treatment must be received in the United States or its territories.

Sickness Disability Income Rider

Benefits are provided if the insured is totally disabled as a result of sickness not resulting from injury. After the 7 day elimination period (which is not retroactive) AWD pays the amount elected each month up to a maximum of 6 months when the insured employee is totally disabled as described below.

Total disability resulting from pregnancy or childbirth is covered the same as any covered sickness if the rider has been in effect for the 10 consecutive months preceding the commencement of such total disability. Total disability resulting from complications of pregnancy or childbirth are treated the same as any other sickness.

The insured employee is totally disabled when, due solely to sickness, he or she is unable to perform with reasonable continuity the substantial and material acts necessary to pursue his or her usual occupation in the usual or customary way or to engage with reasonable continuity in another occupation in which he or she could reasonably be expected to perform satisfactorily in light of his or her age, education, training, experience, station in life, physical and mental capacity.

This benefit is limited to 2 visits per calendar year, per covered person, and a maximum of 4 visits per calendar year if the policy is in force as family coverage. Treatment can be for sickness, annual wellness exams, or other visits to a physician outside of a hospital.

Accident Insurance Policy Termination and Grace Period

The policy terminates at the earliest of the end of the grace period, the end of the policy year in which the insured becomes age 70, or the insured's death. The spouse, if covered under the policy, becomes the new insured upon the insured's death. A grace period of 31 days is granted for payment of a premium falling due after the first premium is paid. The policy remains in force during the grace period. If your spouse is a covered person, the spouse's coverage ends upon valid decree of divorce. If your child is a covered person, the child's coverage ends on the policy anniversary next following the date the child is no longer eligible, which is either when the child marries or reaches age 21 (25 if a full-time student at a regular educational institution of higher learning beyond high school). Benefits shown are provided by 1 unit of Accidental Death and Dismemberment Policy AP2 or state variations thereof. This is an Accident Only policy which does not pay for any loss from sickness. Coverage is for on or off the job accidents. Provides supplemental medical expense coverage. A Sickness disability Income rider and/ or Sickness Hospital Confinement Rider can be added to this policy. (Contact your agent for more details.) This brochure highlights some features of the policy but is not the insurance contract. Only the actual policy provisions control. The policy itself sets forth, in detail, the rights and obligations of both the insured and the insurance company.

Pre-Existing Condition Limitation

The sickness disability Income and Sickness Hospital Confinement riders have pre-existing condition limitations. A pre-existing condition is a condition which manifested itself within 2 years prior to the effective date of coverage; or for which medical advice or treatment was recommended by or received from a physician in the 2 year period prior to the effective date of coverage. If the insured has a pre-existing condition as defined, we will not pay benefits for such condition as defined, we will not pay benefits for such condition during the 2 year period beginning on the rider date, unless the condition was disclosed without material misrepresentation in answer to questions in the application for the rider, and is not excluded by name or specific description.

Exclusions and Other Limitations

The Sickness Hospital Confinement and sickness disability Income riders do not pay benefits due to sickness caused by or resulting from: any act of war, whether or not declared, participation in a riot, insurrection or rebellion; or attempted suicide, while sane or insane; or being under the influence of alcohol, narcotics or any other controlled substance or drug unless administered upon the advice of a physician; or alcoholism, drug addiction or dependence upon any controlled substance; or voluntary inhalation of gas or fumes; or mental illness without demonstrable organic disease. In addition, the Sickness Hospital Confinement Rider will not pay benefits for conditions caused by or resulting from: dental or plastic surgery for cosmetic purposes, unless the surgery is required to correct a disorder of normal body functions; a newborn child's routine nursing or routine well baby care; or childbirth unless this rider has been in effect for the 10 consecutive months preceding the hospital confinement (complications of pregnancy or childbirth are covered to the same extent as a sickness).

Policy AP2 or state variations thereof, does not cover any loss incurred as a result of injury incurred prior to the effective date of coverage, subject to the Incontestability Provision; or any act of war whether or not declared, participation in riot, insurrection or rebellion; or suicide or any attempt at suicide, whether sane or insane; or intoxicants or controlled substances; we are not liable for loss sustained or contracted in consequence of any person being intoxicated or under the influence of any controlled substance unless administered on the advice of a physician; or any bacterial infection (except pyogenic infections which shall occur with and through an accidental cut or wound); or participation in any form of aeronautics except as a fare-paying passenger in a licensed aircraft provided by a common carrier and operating between definitely established airports; or the taking of poison or asphyxiation from or voluntary inhaling of gas or fumes; or committing or attempting to commit an assault or felony; or driving in any organized race or speed test or while testing an automobile or any vehicle on any racetrack or speedway; or mental diseases or deficiencies without demonstrable organic disease; or injuries sustained by a dependent child while practicing for or participating in an organized competitive football game; or hernia, including complications due to hernia. Coverage is also portable, which allows you to retain the policy if you change jobs or retire as long as you continue to make the required premium payments.

Termination of Insurance

If your spouse is a covered person, your spouse's coverage will end upon valid decree of divorce. If your child is a covered person, the child's coverage ends on the earlier of the policy anniversary date following a) the date the child marries or b) reaches age 21 (25 if a full time student at an educational institution of higher learning beyond high school).

Heart & Stroke Insurance

Exclusions and Limitations

This policy provides benefits only for Heart Attack, Heart Disease or Stroke. This policy does not cover any other disease or sickness or incapacity other than Heart Attack, Heart Disease or Stroke even though such disease, sickness or incapability may be caused, complicated or otherwise affected by Heart Attack, Heart Disease or Stroke. If a covered confinement is due to more than one covered condition, benefits will be payable as though the confinement were due to one condition. If a confinement due to a covered disease is also due to a condition that is not covered, benefits will be payable only for the part of confinement attributable to the covered condition.

Pre-Existing Condition Limitation

A pre-existing condition is not revealed in the application for which: symptoms existed within a 6 month period before the effective date of coverage in such a manner as would cause an ordinarily prudent person to seek diagnosis care or treatment; or medical advice or treatment was recommended by or received from

a physician within the 6 month period before the effective date of coverage. If a covered person has a pre-existing condition, the plan does not pay benefits for such conditions under this policy or any riders attached to this policy during the 6 month period beginning on the date that person became a covered person. If the loss is not due to a pre-existing condition, then the pre-existing condition limitation does not apply.

Important: Exclusions and limitations to the policy also apply to the rider. This highlights some features of the policy, but is not the insurance contract. Only the actual policy provisions control. The policy itself sets forth, in detail, the rights and obligations of both the insured and the insurance company.

If these highlights and the policy differ, the policy will govern. Questions? Call Allstate at (800) 229-7683.

Long Term Care Insurance

administered by MetLife

Long term care is the type of care you or someone in your family may need if you no longer can take care of yourself. For example, if you needed help getting dressed, eating, or bathing.

Plan Features

Coverage may be continued even if the member is no longer affiliated with the employer and the member retains the 10% Premium Discount.

Employees who are actively at work, as well as spouses, parents, parents-in-law, stepparents, step-parents-in-law, children and stepchildren (ages 18-84) are eligible for coverage.

Why Long Term Care?

On average, Americans now have more parents than children. In fact, they will spend more years caring for their parents than they will raising their children. As a result, learning to care for our older family members without over burdening ourselves has become one of today's major concerns.

- Consider that: 48.6% of people age 65 and older may spend time in a nursing home.
- 71.8% of people over the age of 65 may use some form of home healthcare.
- The national average nursing home cost is \$40,000 – in some parts of the country, costs run as high as \$100,000 (source New York State Partnership for Long Term Care 1997).

Nursing homes are the first place people associate with long term care. But one of the major benefits of planning for long term care is that you can decide where you would like to receive your care. Aside from nursing home care, there are assisted care living facilities, adult day care centers, and home healthcare providers.

Major medical insurance and Medicare, as well as Medicare supplements, are designed to pay for hospital, physician, surgical, rehabilitation, outpatient, and treatment expenses. These types of coverage were never designed to pay for long term care. They cover long term care when it is at the skilled level (acute care requiring nurses). Medicaid does pay for long-term

care at the custodial level. However, to qualify for Medicaid you must have \$2,000 or less in assets, not including your home and personal items (this amount could vary by state).

Long term care insurance can help secure not only your financial future, but also that of your family. A long-term care insurance policy can help protect your assets from the rising cost of care, allowing you to remain financially and socially independent.

Long Term Care Facts

- 10-15 million Americans will need some form of long term care by the year 2000 (source American Academy of Actuaries)
- 22.4 million families have some responsibility for providing care to a person over age 50 (source American Association of Retired Persons 1997)
- 40% of people receiving long term care are between the ages of 18 and 64 (source US Department of Health and Human Services 1997)
- By the year 2015, baby boomers (those born between 1945 and 1964) will begin to enter their 70's (source Health Insurance Association of America 1997)

Your long term care policy describes the types of coverage provided as well as any exclusions, limitations, reductions in benefits, what you must do to keep your policy in force and what would cause your policy to be discontinued. Your enrollment representative will be able to assist you with your questions and provide you with a quote specific to your situation.

Special Features

The following features are included in your policies and are designed to make your coverage more valuable:

Spousal and Marital Discounts

A 30% discount will be applied when both you and your Spouse or Domestic Partner are accepted for coverage.

A 15% "Marital discount" is applied if you apply for coverage, as a couple, and only one is accepted for coverage.

Long Term Care Insurance

Possible Tax Benefits

Generally, benefits from employee-paid plans are not taxable.

Premium Waiver

Once you begin receiving benefit payments, you don't have to pay premiums. Premium payments will resume when you no longer receive covered services.

Guaranteed Renewability

The policy cannot be cancelled as long as premiums are paid on time. Premiums can only be raised as the result of a rate increase made on a class-wide basis in California and approved by the Department of Insurance.

Note: Rates do not increase as you move into the next age bands. (The rates listed above are subject to change and should be used as samples only. They illustrate a 10% discount for a Multi-Life group rate. Many factors determine the rates. Smoking, health, whether Spouse or Domestic Partner is applying, what riders you choose, etc. Your EBS counselor will use a calculator to finish. The rates may change further, after it goes through underwriting process. Note: If a spouse/domestic partner enrolls with EE, a discount of 30% will be applied to the final rates. This illustration is a general description of coverage and is not a contract. For a rate quote you must speak with your EBS enrollment counselor. Any differences in premiums between this illustration and those quoted will be determined in favor of the quoted rates. Please review your policy for all terms and conditions.

Right to Amend Your Health Information

If you believe that your health information records are inaccurate or incomplete, you may request in writing that the Health Service System amend the records. The request may be made as long as the information is maintained by the Health Service System. The Health Service System may deny the request if it does not include a reason to support the amendment. The request may be denied if your health information records were not created by the Health Service System, if the health information you are requesting to amend is not part of the Health Service System's records, if the health information you wish to amend falls within an exception to the health information you are permitted to inspect and copy or if the Health Service System determines the records containing your health information are accurate and complete.

Right to an Accounting

You have the right to request in writing a list of Health Service System disclosures of your health information for any reason other than for treatment, payment or health operations. The request should specify the time period for which you are requesting the information, but may not start earlier than April 14, 2003. Accounting requests may not be made for periods of time going back more than six (6) years. The Health Service System will provide you one accounting during any 12-month period without charge. Subsequent accounting requests may be subject to a reasonable cost-based fee. If applicable, the Health Service System will inform you in advance of the fee.

You have a right to request in writing and receive a paper copy of this Notice at any time, even if you have received this Notice previously or agreed to receive the Notice electronically. You also may obtain a copy of the current version of this notice from the Health Service System Web site at www.myhss.org.

Duties of the Health Plan

The Health Service System reserves the right to change the terms of this Notice and to make the new Notice provisions effective for all health information that it maintains. If the Health Service System changes its policies and procedures, a revised copy of this Notice will be provided to you within 60 days of the change. You have the right to express complaints to the Health Service System and to the Secretary of the Department of Health and Human Services if you believe that your privacy rights have been violated.
